Would you like to be considered for sheltered housing? Yes No

9. Mutual Exchange (see Note 9)

Do you wish to be considered for a mutual exchange? Yes No

Signed _____ Date _____

Note 1

If you restrict your application to only one area, this may affect the length of time you remain on the waiting list. As part of processing your application you will receive a prospects interview. You will be given advice and information on the size and type of accommodation in each area and the turnover of properties.

Note 2

You may not be eligible for all property types. The property type and size are based on the size and make up of your household. Priority for ground floor properties is given to applicants with medical points with this recommendation. Please speak to a member of staff if you require further advice.

Note 3

You may not be eligible for all property sizes. The property type and size are based on the size and make up of your household. Please speak to a member of staff if you require further advice.

Note 6

A number of other landlords also have housing in the Clackmannanshire area although some of these properties are specialist housing for people with particular needs.

Note 7

Amenity housing developments have been designed and built to provide housing and services suitable for more active people aged 60 and above, although younger applicants can sometimes be considered if they demonstrate a need for this type of housing.

They are similar to sheltered housing but without a Sheltered Housing Manager service or communal facilities. It will have some or all of the following features; no stairs inside (for example, a bungalow), raised electric sockets and lowered switches, handrails in the bathroom, lever-handled tap, slip-resistant flooring in the kitchen and bathroom.

Note 8

Sheltered housing developments have been designed and built to provide housing and services suitable to meet the needs of people aged 60 and above. There is a daytime Sheltered Housing Manager who is responsible for the overall management of the development and assists residents to live independently. Personal care to residents is not provided but can be provided by Clackmannanshire Councils Social Work staff or private agencies.

There is controlled entry access and full fire alarm systems. Other facilities may include a communal lounge, laundry for residents and guest suites for visiting friends and relatives.

For more information please speak to a member of staff.

Note 9

If you are a tenant of a local authority or registered social landlord e.g. housing association, you can be considered for a mutual exchange. This is where two tenants swap homes. This is subject to some conditions.

For further advice please speak to a member of staff.
