Clackmannanshire council is committed to community asset transfer where that will bring benefits to communities and contribute towards achieving our aims and objectives or significant, wider community benefit in line with the delivery of our long-term outcomes.

We recognise that community asset transfer can be a valuable part of supporting and sustaining local communities in the area. Before submitting an application, interested community bodies are encouraged to discuss their options, the suitability of community asset transfer and information about the asset in which they are interested with us.

Therefore, we encourage community bodies to submit an Expression of Interest prior to making a Community Asset Transfer request. There is a more detailed Asset Transfer Request form for applicants who meet the criteria.

The Expression of Interest is for both the potential applicant and the Council to gather sufficient information to give community bodies an indication of the success of a Community Asset Transfer request under the terms of the Community Empowerment Act, and to open dialogue between the community body and the Council about the asset transfer.

If you would like help with this form, please contact us via assettransfer@clacks.gov.uk or tel 01259 450000.

Please provide the name of your organisation ie the community body expressing an interest

Please provide contact details for the person we can speak to about your organisation's interest. In accordance with our [Data Protection Policy](#), we will use these details only to contact you about this expression of interest.
